

Patient Instructions for In-Office Appointments

- 1. Once you have scheduled your appointment, please go to our website, https://www.beckerent.com/forms and complete the appropriate new or return patient forms prior to your appointment. Please make sure you have Acrobat Reader installed for proper submission of form. If you do not have this installed, a link is available on our website for easier access.
- 2. Please arrive at least 10 minutes early for your appointment (please bring your own face mask/covering, and a pen for signing forms) to avoid rescheduling. Please stay in your vehicle and call one of the appropriate numbers below for where your appointment is scheduled to check in. Please make sure to have your copayment, insurance and photo ID ready in hand when you come into the office. Please remain in your vehicle until we call you to let you know the provider is ready for your visit.
- 3. A medical assistant will bring you to an exam room where you will meet with the provider. Once your visit is complete follow up appointments will be scheduled via phone from either the exam room or from your home/vehicle.

** In an effort to reduce the number of individuals in our facility we ask that you attend your visit unaccompanied if possible. <u>ONE</u> parent/caregiver may accompany the patient to their appointment if necessary. Children under 12 years old may not come to the office unless they are the patient. **
